

# Lesson 4: Incredible Ideas

## Activity 2 – Natural Idea Generation - Brainstorm

LEGO wants you to design a new toy for children aged between 7 and 12 years of age.

The toy should be for use by both male and females and should be fun.

Consider key factors like materials, use and the appearance of the toy.

Using the LEGO problem and the mind-map of keywords you created; Brainstorm ideas. In the space provided, sketch and write about ideas that pop into your head.
